

8th International Seminar of the European Palliative Care Research Centre

-Meet colleagues and discuss projects

Precision Medicine in Palliative and Supportive Care

Edinburgh, Scotland

December 12-14, 2018

Call for abstracts

A substantial part of the programme will be abstract-driven, with many available slots for both oral and poster presentations.

Abstract submission deadline September 15th.

Criteria and submission form will be available at www.pallres.org

Pre-seminar

For PhD- students and postdocs

Join our pre-seminar December 12th to present your project and get feedback from some of the most experienced scientists in the field!

Venue: St. Columba's Hospice

Highlights from the programme

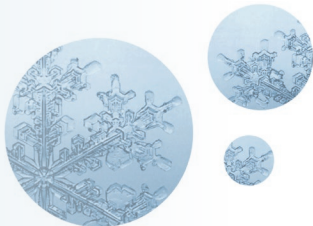

December 13th-14th:

- Cancer Pain
- Integrated Palliative Care in Oncology
- Cancer Cachexia
- Psychological Interventions in Oncology

GW Hanks Lecture: Inside our minds-understanding what is behind "Patient reported outcomes" by Professor Irene Tracy.

Venue: Royal College of Physicians of Edinburgh

This is an unique opportunity to get to know and meet colleagues, discuss projects and make plans for the future.
